## CECELI GROUP

**Products: Steel Coils , Steel Sheets , Steel Tear Drop & Diamond Sheets , Galvanized Steel Sheets , Steel Rebars , Steel NPU Profiles , Steel IPE / NPI Profiles , Steel HEA / HEB Profiles , Steel Angles, Steel Hollow Sections, Steel Tubes, Galvanized Steel Profiles, Black Annealed Wires, Construction Nails**  
**Services: 10 Axis Three Spindle Drilling Line, Fiber laser cutting, plasma/oxy cutting, press brake, Argon Welding (TIG), GMA Welding (MIG/MAG), Submerged Arc Welding(SAW)**

Ceceli Group was founded in 1954 by our founder Alaeddin CECELI, and it has been continuing its activities for over 70 years. With the participation of the third generation in the management processes, Ceceli Group looks confidently to the future, expanding its activities in the fields of trade, industry, and education. Ceceli Steel Industry and Trade Inc., one of the steadily growing companies within Ceceli Group, was established in 1975 for the trade of steel products. Over the past half-century, it has transformed into a steel service center responding to its customers' needs for all steel products. In early 2023, it moved to its modern facility in the 2nd Industrial Zone of Ankara, where it began offering services beyond being a steel service center to its customers. In the realm of steel fabrication, we consider ourselves as partners of our customers in every stage of manufacturing, from the project phase to the packaging of the products. We certify the quality of our manufacturing with our EN ISO 1090-2 EXC3 Technical Requirements for Steel Structures and EN ISO 3834-2 Welding Quality Management System certificates

## TEKNO FASTENERS

Products: Fasteners (Screw, Bolt, Nut)

Tekno Bağlantı Elemanları Paz. ve Tic. A.Ş. is an affiliated company under Tecde Group's corporate identity. The seeds of Tecde Group were planted in Malatya in 1880. Since then, we have grown from a small business into a giant corporation with 17 companies in 3 main sectors, employing thousands of people. TECDE Group which is currently managed by the 3rd generation of Tecdelioğlu family, has started also to integrate the 4th generation members of the family in the management of Group companies. Tekno Fasteners, one of the most important companies of Tecde Group which was established in 1998 as Tecdelioğlu family's second investment for production in fastener industry. The company, initially started her activities in İstanbul, then completed the first stage of its factory investment in Malatya between 2010, and moved its production activities to Malatya in 2012. The company produces 2,000 tons of chipboard screws, self-drilling screws, sheet metal screws, nuts and bolts per month since 2012 under her own brand named called Çetin Kraft, in a 27-decare closed area built on 40 decares in the city of Malatya' 2nd OIZ region. We aim to move towards the direction of achieving the local and global leadership in the production of Fasteners' sector and also increase the brand awareness among our customers by adding value to our products' quality

## UMS UGUR METAL

**UMS METAL** - Hot Dip Painted Galvanized Roll, Galvanized And Painted Galvanized Slit, Flat Plate, 27/200 Trapezoidal Plate And Ridge, 18/76.2 Corrugated Plate, 58/915 Concrete Trapezoid, 38/151 Trapezoidal Plate. **UMS PROFILE** - Suspended Ceiling Profiles, Partition And Clad Wall Profiles, Exterior Wall Profiles, Corner Profiles. **UMS ACCESSORY** – Bracket, Extension Piece, Suspension Rod, Hanger Clip, Ua Console, Anchor Clip, Clip, Double Spring

UMS Ugur Metal Sanayi was founded in 1999 at Ankara Ostim OIZ for trading in galvanized and painted galvanized sheets. Within a very short span of time, UMS, thanks to its principled and high quality sheet trading approach, became an industry brand that makes the highest sales volume in its region. Growing by taking a new investment decision in 2005, UMS established the first and only steel service center in its region. Having cut-to-length line, trapezoid line and slitting line with steel service center, ums has been providing high quality and rapid service for specific-measure galvanized sheet demands. UMS, crowning the importance it attaches to quality by obtaining TS EN ISO 9001 quality management certificate, has been a steel service center that makes a difference with its quality certificate. Continuing its production with a full head of steam and the same determination, today, UMS performs its production activities with its modern and fast counters by galvanized steels and non-alloy structural steels which are suitable for cold forming, with an annual production capacity of 120 thousand tonnes. Keeping on growing and improving in the industry through its investments, UMS, with its 150 million-meter capacity for plaster profiles, plaster board profiles, external wall profiles and accessories, created with the new counters and production lines added in 2013, has become the fastest producer with the highest production volume in Turkey.
